

A black and white photograph of a Fetor tractor, viewed from the front. The tractor's headlights are on, creating a bright glow. The Fetor logo is visible on the front of the tractor. The background is dark and misty.

Fetor

**Legendary tractor
manufacturer since 1946**

The new model series 6

A completely new level of **technical parameters, as well as comfort**, allows you to maximize the use of the tractor even in the most demanding work.

The 6 Series will be equipped with a new transmission, a four-cylinder engine with up to **171 HP**, a higher tractor payload, and new controls. This will allow you to work faster, more efficiently, and more comfortably than ever before.

**With this tractor, you will be able
to handle even the most challenging tasks...**
